

Non-Government Reform Support Annual Report

2021

Queensland Catholic Education Commission

Non-Government Reform Support Fund

Queensland Catholic Education Commission – Annual Report 2021

Executive Summary

The Queensland Catholic Education Commission (QCEC) is the peak strategic body with state-wide responsibilities for Catholic schooling in Queensland. QCEC works with the five diocesan Catholic School Authorities (Brisbane, Toowoomba, Rockhampton, Townsville and Cairns) and 17 Religious Institutes and other incorporated bodies which in 2021, collectively operated a total of 309 Catholic schools to educate more than 155,828 students.

Since 2020, funds from the Non-Government Reform Support Fund (NGRSF) were managed both centrally and locally with distributions made directly to Catholic School Authorities (CSA) to support the delivery of centralised projects for all schools to access, and locally planned and delivered projects and activities to support the local context of each CSA. This arrangement allowed Catholic schools throughout Queensland access to state-wide, centrally managed activities as well as local activities such as high-quality training and development programs in support of their teachers and students, in line with the commitments under the bilateral agreement.

Progress against strategic plan

QCEC's strategic objectives are guided by the bilateral agreement signed in December 2018 and include:

- Improving student outcomes
- Increasing student effectiveness
- Supporting school leaders
- Enhancing the school environment for students, teachers, parents and the community.

Despite experiencing disruptions to planned programs due to the ongoing effects of the COVID-19 pandemic, each CSA reported progress against the QCEC strategic objectives throughout 2021.

Some notable achievements throughout the year included:

- 1011 staff members from Queensland catholic schools attended training on the implementation of the NCCD model, and 99% of survey respondents indicated they were confident with planning, recording and monitoring educational adjustments for the NCCD
- 95% of Queensland catholic schools were ready to complete NAPLAN Online in 2021
- There was a 45% increase in the number of certified Highly Accomplished and Lead teachers in the Queensland catholic sector
- All rural and remote schools in the Archdiocese of Brisbane engaged with a program to support the wellbeing and mental health of their students and develop staff capacity in prevention and intervention responses for positive student wellbeing
- All RI/PJP schools facilitated activities and event to promote parent engagement with their school
- A series of professional development courses for existing and aspiring school leaders were facilitated across the sector in 2021. In the Rockhampton diocese, this included a course for Middle Leaders and a cohort supported to complete a course on professional and difficult conversations.
- The Townsville Diocese of Catholic Schools delivered a program to approximately 150 young people to discuss, explore and examine respectful relationships in a safe environment.

- Teachers from five schools in the Diocese of Cairns participated in training to upskill their knowledge and understanding of phonics in their “Early Years Reading Success” program.
- Schools from the Toowoomba diocese were supported through the program “Financial systems implementation and strategic improvement and reporting” to understand financial management practices and the use of financial management systems.

Relationship with your state and territory government

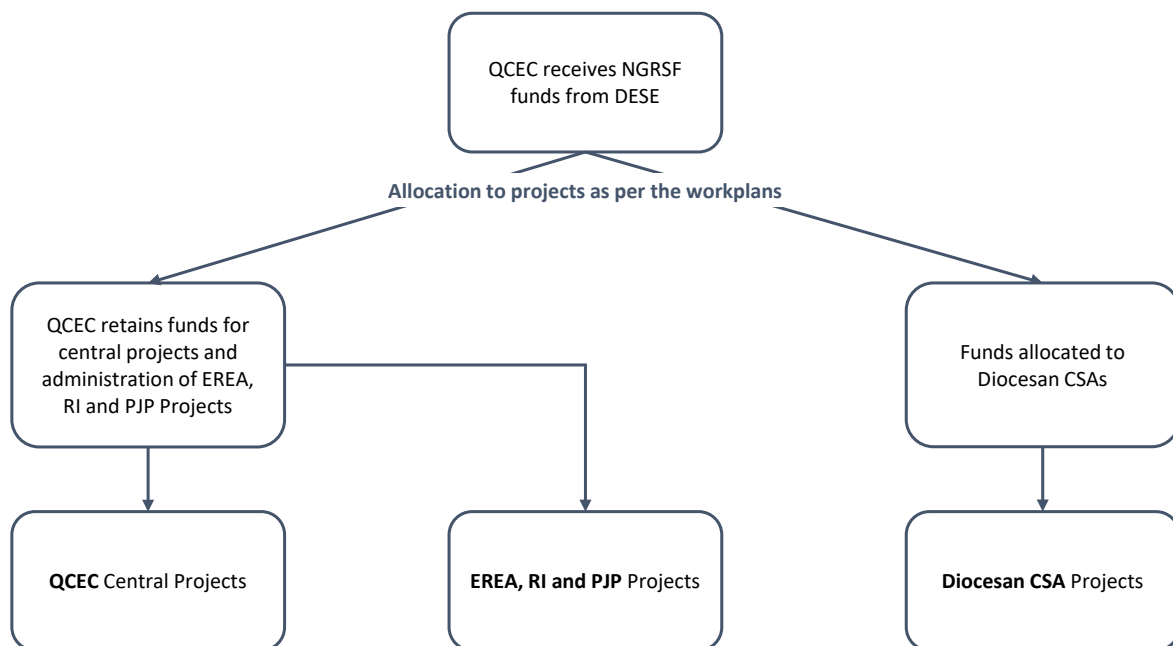

A number of the actions in the state Bilateral Agreement are cross-sector and QCEC continued to work closely with the Queensland Government and Independent Schools Queensland to implement actions in support of:

- Senior assessment and tertiary entrance reform
- Highly Accomplished and Lead Teacher certification
- Nationally Consistent Collection of Data on Students with Disability

QCEC maintained close working relationships with Department staff and participated in regular meetings with both the Director-General and the relevant Assistant Director-General. QCEC also contributed to the whole of Queensland’s Bilateral Agreement reporting to Education Council.

Structure of the 2021 NGRSF Annual Report

In 2021, the QCEC represented 309 Catholic schools in Queensland, run by 22 CSAs consisting of 5 Diocesan CSAs and 17 RI/PJP schools. As agreed at the Commission meeting in August 2019, the QCEC Secretariat retains a portion of funding to centrally manage some activities related to reform priorities, and CSAs receive the balance (distributed on a proportionate student FTE basis) to meet the reform priorities in response to their particular context. RI/PJP schools elected to pool their allocation of funding and for QCEC to continue to support and administer this funding on their behalf. Dioceses elected to receive their allocation of funding and manage it within their local context. As such, each diocese is responsible for completing its annual report template against their approved workplan.

As a result, the following Annual Report features a collation of reports completed by the QCEC Secretariat on behalf of QCEC Central Projects and RI/PJP school projects; and Diocesan CSAs.

Summary of 2021 Achievements

QCEC – Centrally Managed Activities

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
<p>Nationally Consistent Collection of Data on Students with Disability</p>	<p>The project will deliver activities to continue to improve consistency in Catholic education staff's understanding of the NCCD and through doing so improve on the collection of evidence of adjustments and reporting of data about school students with disability. The activities are as follows:</p> <ul style="list-style-type: none"> Professional development and training for school staff delivered across Catholic School Authorities to build consistent knowledge and understanding of the NCCD model. Support teachers to participate in cross-school moderation process for their students. This will give schools an opportunity to establish moderation as an ongoing process for NCCD to build consistent knowledge and understanding, about the NCCD model and engage in quality assurance processes. Work at regional/diocesan level with key staff from Catholic School Authorities to build sustainable practices in professional learning, moderation processes and quality assurance. 	<p>Confidence in the accuracy of the school level data submitted for census. Achieved – see Point 1</p> <p>Delivery of professional learning about the NCCD. Achieved - see Point 2</p> <p>Participants in cross-school moderation engage in professional development activities Achieved – see Point 3</p> <p>Teachers are better equipped to plan, record and monitor educational adjustments for students with disability within the four phases of the NCCD. Achieved – see Point 4</p>	<p>The preliminary data will closely match the actual data from Queensland Catholic schools' levels of adjustment and categories of disability reducing the number of queries from the Australian Government Department of Education. 100% achieved – see Point 6</p> <p>Audits of schools' NCCD find appropriate evidence for NCCD decisions. 96% achieved – see Point 7</p> <p>70% of participants at training workshops feel more confident implementing the NCCD. 124% achieved – see Point 8</p>	<ol style="list-style-type: none"> 100% of Queensland Catholic schools submitted census data with the acceptance that the internal validation process confirmed the accuracy of the data. 1011 staff members from Queensland Catholic schools attended 31 training sessions (of which 27 were face-to-face) on the implementation of the NCCD model. 40 people attended an NCCD Moderation Masterclass which was hosted for CSA role holders with responsibility for supporting schools implement NCCD. 589 teachers, learning support teachers, school counsellors, school leaders, speech pathologists and education officers attended 33 NCCD cross-school moderation sessions. 75.5% of survey respondents

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<ul style="list-style-type: none"> Support cross-sector moderation opportunities for Catholic schools and the other school sectors. 	<p>NCCD within school moderation processes are embedded in the school cycle.</p> <p>Achieved – see Point 5</p>	<p>60% of teachers who participate in moderation report feeling more confident in their recommendations.</p> <p>125% achieved – see Point 9</p> <p>60% of Catholic schools who engage in a facilitated NCCD reflection and planning session report increased confidence with developing a NCCD action plan.</p> <p>133% achieved – see Point 10</p>	<p>following these events reported attending additional NCCD training at school, and 47% accessed online learning modules on the NCCD portal. Additionally, 37 people attended 6 cross-sector moderation sessions.</p> <p>4. Survey respondents indicated that 99% of participants were confident with planning, recording and monitoring educational adjustments, rating their level of confidence as 4 or 5 on a five-point scale (five being high confidence).</p> <p>5. Respondents to the Cross-School Moderation Evaluation form indicated that 69% of cross-school moderation participants had undertaken within school moderation prior to attending cross-school moderation, which demonstrates participation in school-based moderation processes within the NCCD cycle.</p> <p>6. Queensland Catholic schools experienced a statistically</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>insignificant movement of 0.2% from 16.7% preliminary to 16.9% actual overall of total school enrolments.</p> <p>7. The post enumeration exercise identified that 96% of selected schools (22/23) had the appropriate evidence for NCCD decisions.</p> <p>8. An average of 86.6% of survey respondents indicated feeling more confident in implementing the NCCD in terms of understanding the requirements of the NCCD (90%), understanding the four phases of the NCCD model (89%) and planning, recording and monitoring educational adjustments (81%).</p> <p>9. An average of 75% of survey respondents reported a high level of confidence in their recommendations for Level of Adjustments and Category of Disability.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				10. 250 schools undertook a reflection and planning session in 2021. 80% of NCCD Reflection and Planning evaluation respondents reported feeling confident or very confident with developing an NCCD action plan.
NAPLAN Online Coordination Project	<p>In 2021 QCEC will continue working towards moving all schools to NAPLAN Online by providing training and support to Catholic school staff, in-school support for training of test administrators and preparation for 2021 and 2022 online testing. This project will support the following activities:</p> <ul style="list-style-type: none"> • Refresher (national protocols) training and school readiness training • Practice testing, school readiness testing and platform readiness testing • Review and update online collation of state and national resources which provide support for NAPLAN Online Catholic school staff • Meetings, forum and symposium to collaborate and build learnings on specific NAPLAN Online issues (e.g. how are and how can schools use NAPLAN data in business intelligence tools, interpreting Student and School Summary Reports) 	<p>Schools attend refresher training Achieved – see Point 1</p> <p>Delivery of school readiness training, school readiness testing and platform readiness testing. Achieved – see Point 2</p> <p>New/extended online supports for Catholic school staff Achieved – see Point 3</p> <p>Delivery of meetings and NAPLAN Online forum. Achieved – see Point 4</p> <p>QCEC Online Assessment Symposium</p>	<p>95% of Catholic schools are ready for online testing by 2021. 100% Achieved – see Point 6</p> <p>All new schools transitioning to NAPLAN Online in 2021 attend refresher (national protocols) training in January – March 2021. 100% Achieved – see Point 7</p> <p>Collation of state and national resources are reviewed and updated. 100% Achieved – see Point 8</p> <p>100% of schools transitioning to NAPLAN</p>	<p>1. 100% of transitioning schools attended training, as well as 29 experienced schools.</p> <p>2. 14 schools participated in school readiness training. 26 schools participated in school readiness testing including 13 schools that have already transitioned. 1 school participated in platform readiness testing.</p> <p>3. QCEC provided additional direct support for schools with special needs such as the Flexible Learning Centres. 283 schools participated in practice testing including 188 schools that undertook the Coordinated Practice Test (CPT).</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
		<p>to address NAPLAN Online specific issues collectively.</p> <p>Achieved – see Point 5</p>	<p>Online in 2022 attend the QCEC NAPLAN Online Readiness Forum.</p> <p>90% Achieved – see Point 9</p> <p>A range of representation from Catholic School Authorities at the Online Assessment Symposium is recorded, including from Catholic Education Offices and RI/PJP's.</p> <p>100% Achieved – see Point 10</p>	<p>4. QCEC National Online Assessment Taskforce met four times during the year. The QCEC NAPLAN Online Readiness Forum was held on 3 June 2021 and provided advice on NAPLAN Online resources, implementation and test administration processes.</p> <p>5. The QCEC Online Assessment Virtual Symposium was held on 9/11/21 and included a presentation by the ACARA CEO regarding future possible directions for NAPLAN Online while participants reviewed the 2021 NAPLAN results and shared approaches to data analysis.</p> <p>6. 95% (295/309) of Catholic schools were registered in the platform and ready for 2021 NAPLAN Online with a 95% (293/309) participation rate</p> <p>7. All six newly transitioning schools plus an additional 151 schools participated in training webinars hosted by the QCAA in</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>February-March 2021, during which QCEC facilitated the Catholic sector breakout sessions.</p> <p>8. QCEC released, reviewed and updated state and national resources throughout the year including at the Readiness Forum. Resources are added as released by ACARA.</p> <p>9. 91% of schools transitioning to NAPLAN Online in 2022 registered to attend the NAPLAN Online Readiness Forum. One school who was registered to attend withdrew on the day due to an unforeseen issue, while two additional schools did not attend as they had previously undergone School Readiness Test training.</p> <p>10. The Online Assessment Symposium was hosted on 9 September 2021. All dioceses and representatives from RI/PJP schools attended the Online Assessment Symposium or accessed a recording following the event.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
<p>Highly Accomplished and Lead Teacher Initiative</p>	<p>This reform support project will recognise the explicit value of teaching experience and proven ability in the classroom by rewarding highly accomplished and lead teachers through the following activities:</p> <p>The provision of specific support for Catholic school leaders so they can support HALT applicants.</p> <p>The continuation of the HALT assessors' network.</p> <p>The training of additional HALT assessors, including refresher training of HALT assessors.</p> <p>Information sessions and in-depth workshops scheduled prior to applicants submitting their Notification of Intention to Apply for Certification.</p> <p>Reimbursement to Queensland College of Teachers (QCT) (Client fee) for providing services to support QCEC Certification processes including: Initial Assessor Training, Assessor Refresher Training, Introductory Sessions, In-Depth Workshops, Client Application fees, Internal Review Committee (IRC) fees (appeals cost).</p>	<p>More Queensland Catholic school teachers apply for HALT certification. Achieved – see Point 1</p> <p>School leaders actively promote and encourage HALT certification. Achieved – see Point 2</p> <p>School leaders provide enhanced support to teachers who apply for HALT. Achieved – see Point 3</p> <p>Teachers have access to resources which support the HALT application process. Achieved – see Point 4</p> <p>HALT assessor training is delivered. Achieved – see Point 5</p> <p>HALT assessment process is carried out with fidelity.</p>	<p>In 2021 more than 13 teachers will apply for HALT certification in Queensland Catholic schools representing an increase in the number of applicants from 2020. 100% Achieved – see Point 7</p> <p>Increased engagement with HALT communications. Achieved – see Point 8</p> <p>In 2021 13 or more HALT assessors will be trained to support Catholic schools representing an equivalent, or higher number of assessors trained compared to 2020 and an overall increase in the total number of Catholic school trained HALT assessors. 96% Achieved – see Point 9</p>	<p>1. There was a 45% increase in the number of certified Highly Accomplished and Lead teachers in the Queensland Catholic sector; with a 7.7% increase in the number of applications submitted to the Queensland College of Teachers in 2021 in comparison with 2020 submission numbers.</p> <p>2. School leaders endorsed 76 Notifications of Intention to Apply (NOI) for the 2021 certification cycle. Such endorsements represent school leader promotion and support, building awareness and actively identifying candidates who are eligible. In the previous cycle, 46 teachers submitted a NOI which is a 65% increase gained through school leader support and encouragement for HALT certification.</p> <p>3. School leaders supported the nomination and training of Facilitators (11 throughout Queensland) who provide</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<p>Customize and facilitate access to online modules to support applicants in the development of HALT portfolios with a specific Catholic lens.</p>	<p>Achieved – see Point 6</p>		<p>professional development and enhanced support for aspiring teachers. This enhanced support includes connecting teachers at similar points in their journey or connecting those who are geographically linked. School leaders support applicants by engaging in Pre-Stage 1 discussions, classroom observation and providing referee statements for candidates; as well as participating in discussions with assessors within the Stage 2 processes. Building school leader understanding of the scope of support required for aspiring teachers has been enabled and enhanced through hosting certification guest speakers at three of the RI/PJP Principal meetings (May, July, October) Special Edition Education Update communication (February 2021) and via the Education Reference Group meetings (June, August, October).</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>4. Teachers attending sessions are provided with key documents and resources reviewed by the QCT to ensure listed resources are current, with recommended changes enacted following this advice.</p> <p>New Introductory and In-Depth Workshop recordings have been uploaded to the QCEC HAT & LT website. Teachers have access to trained facilitators in their Diocese to support and manage resource requests.</p> <p>QCEC distributes five Applicant Updates highlighting key resources as the certification cycle commences from Notice to Apply through to the portfolio submission window (November to June).</p> <p>5. Assessor Training (ATP Day 2) for twelve assessors was delivered on 1 March 2021 (ATP Day 1 held 23 November 2020). All twelve Assessors received certificates of success in April 2021 prior to the assessment phase.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>Eight assessors completed Assessor Refresher Training (ATPR) hosted by the QCT on 23 April 2021.</p> <p>6. Fourteen portfolios were assessed by trained assessors and moderated by QCT Staff to ensure process fidelity within the assessment period June-September 2021.</p> <p>7. Fourteen portfolio submissions were received by the QCT in June 2021. This represents a 7.7% increase in the number of applications submitted to the Queensland College of Teachers in 2021 compared to 2020 submission numbers. Following their assessment, five teachers were successfully certified – increasing the total number of certified teachers from 11 to 16.</p> <p>8. HALT communications received a high level of engagement across all platforms in 2021. Engagement with the QCEC HAT/LT website increased by</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>115.5% between July 2020 and July 2021, with 65% of the visitors new to the site. Interest in portfolio formats and templates available on the website demonstrates engagement with resources made available to applicants/potential applicants, with applicants also receiving updated information through regular monthly</p> <p>9. Twelve new assessors were fully trained in 2021 and undertook their first portfolio assessments June-September 2021. However, the overall number of trained HALT assessors increased from 17 to 29 representing a 70% growth in the total number of Catholic school trained assessors.</p>
Student Protection – Online Resources (continuation of 2018 project)	<p>The Royal Commission into Institutional Responses to Child Sexual Abuse identified the importance of consistent, high quality and focused training for all staff and volunteers dealing with children.</p> <p>This project will develop online training materials to improve the understanding of</p>	<p>Teachers, school leaders and volunteers have access to relevant and accessible student protection training to increase their knowledge and understanding of</p>	<p>60% of participating school authorities report increased awareness of student protection guidance materials and enhanced quality of training resources to assist with dealing with</p>	<p>1. All CSAs have access to high quality and professionally produced online training resources. The training resources comprehensively address the most relevant and pertinent issues and topics that need to be understood and acted upon in</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<p>Catholic school staff and volunteers in managing student protection issues and appropriately meeting all reporting and compliance issues.</p> <p>Online materials enable this training to be delivered in a flexible and timely manner that is suitable for school settings. Online training also allows for the incorporation of detailed scenario considerations that assist participants in understanding the complexities of student protection situations. Additionally, testing provisions can be built into the materials to assess the extent to which staff and volunteers have understood key concepts and responsibilities.</p>	<p>student safety and wellbeing and reporting and compliance requirements. Achieved – see Point 1</p> <p>Flexible training allows for delivery to be tailored to individual schools and their particular settings and student populations. Achieved – see Point 2</p> <p>Training materials allow for the quantification of improvements in the understanding of teachers and school leaders concerning key student safety and wellbeing concepts and responsibilities. Achieved</p>	<p>student protection issues in schools. 100% Achieved</p> <p>Relevant and up-to-date online student protection training is available across an increased number of school sites. 100% Achieved – see Point 3</p>	<p>student protection. These include identifying abuse and harm, mandatory reporting, inappropriate behaviour and providing support and referrals for students and their families.</p> <p>2. The discreet module format of the online training resources allows schools to customise and adapt the delivery of the training to their staff and volunteers. Different modules can be utilised for specific training sessions to meet the needs of the school.</p> <p>3. High quality online student protection training now available across all Catholic schools in Queensland. This is a 100 percent increase in availability.</p>
<p>Student Protection – Governance Health Checks (continuation of 2018 program)</p>	<p>The project will assist Catholic School Authorities in meeting legislative and procedural requirements for responding to, and reporting, abuse and harm of students. An external provider will assess the current use and application of student protection</p>	<p>The health checks will assess, and where relevant promote enhancements to the current use and application of student</p>	<p>Provision of independent advice on the “health” of current student protection governance</p>	<p>1. Comprehensive and in-depth evaluation undertaken of student protection arrangements across a</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	governance arrangements within Catholic schools and authorities.	protection governance arrangements within Queensland Catholic schools and authorities. Achieved – see Point 1	arrangements (Health Check Reports). 100% Achieved More than 60% of participating Catholic School Authorities will identify ways to enhance the appropriate use and application of student protection governance arrangements within Queensland Catholic schools (as measured by survey instrument). 100% Achieved	broad range of Queensland Catholic schools and authorities.
Supervising Teacher Training	<p>This project will provide professional development to teachers and school leaders to support the provision of high-quality school placement experiences for pre-service teachers. By engaging with this training, participants will gain a stronger understanding of the AITSL Standards for Graduate teachers as well as ways to strengthen relationships between schools and universities hosting pre-service teachers.</p> <p>The training will be delivered in two parts. The first day of the course will provide training to Supervising Teachers of pre-service teachers. The second day (optional), will allow</p>	<p>Teachers and school leaders have access to training to increase their understanding of the role of the Supervising Teacher in pre-service teacher placements, and best practice approaches to support pre-service teachers.</p> <p>Achieved – see Point 1</p>	<p>80% of participants indicate this course supports their school's processes for planning and improvement 125% Achieved – see Point 4</p> <p>100% of participants indicate that the course strengthens their understanding of the Graduate Descriptors of teachers</p>	<p>1. 41 teachers from Brisbane, Cairns, Townsville, Rockhampton Dioceses and RI/PJP schools attended Supervising Teacher training sessions in July 2021. 100% of survey respondents indicated the course strengthened their ability to support pre-service teachers.</p> <p>2. 93% (38/41) of the teachers who attended the Supervising Teacher training sessions completed the "Train the Trainer"</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<p>participants to return to their school contexts to provide training to other teachers in their school communities.</p> <p>Funds from the NGRSF will support participants to attend training provided by the Queensland College of Teachers (QCT) in Brisbane and Cairns in 2021, through the provision of travel allowance and TRS.</p>	<p>Participants in the course are able to complete a ‘Train the Trainer’ module in order to deliver the Supervising Teacher Training in their own school communities.</p> <p>Achieved – see Point 2</p> <p>Teachers completing the Supervising Teacher Training and Train the Trainer components have access to resources which support Supervising Teachers to provide a high-quality placement experience to pre-service teachers.</p> <p>Achieved – see Point 3</p>	<p>100% Achieved – see Point 5</p> <p>80% of participants indicate that the course enhances their ability to support the Professional Development of teachers in their school</p> <p>118% Achieved – see Point 6</p> <p>Resources are provided to participants to support them to provide the Supervising Teacher Training to teachers in their own school contexts.</p> <p>100% Achieved – see Point 7</p>	<p>component of the training, allowing them to deliver the training within their own school contexts. This included one teacher attending from a Rural and Remote school in Mount Isa, who was able to share the training with other teachers who may otherwise not have been able to access the training.</p> <p>3. Participants in the course were provided with resources to support them to provide high-quality placement experiences to pre-service teachers. Participants who completed the “Train the Trainer” component were provided with additional resources to support them to provide training to teachers in their own school contexts.</p> <p>4. 100% of survey respondents indicated the training supported their school’s processes for planning and improvement.</p> <p>5. All survey respondents confirmed the course provided</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>them with a better understanding of the Graduate Descriptors.</p> <p>6. 94.7% of survey respondents indicated the course enhanced their ability to support the Professional Development of teachers in their school.</p> <p>7. Participants who completed the “Train the Trainer” component were provided with additional resources to support them to provide training to teachers in their own school contexts.</p>
School Improvement Processes	<p>This project will provide Catholic Schools in Queensland the opportunity to engage with the Australian Council for Education Research (ACER) to conduct a School Review, subsidised by the NGRSF.</p> <p>Schools participating in a Review will receive detailed, evidence-based feedback in relation to each individual domain of the National School Improvement Tool (NSIT) as well as an overall set of commendations, affirmations and recommendations to support improvement processes.</p>	<p>School Reviews influence ongoing school improvement by identifying areas for future focus in each participating school.</p> <p>Continuing - see Point 1</p> <p>School leaders have access to independent, evidenced feedback about school performance.</p> <p>Continuing - see Point 2</p>	<p>Schools receive a report at the conclusion of the review which provides commendations, affirmations and recommendations to support improvement processes.</p> <p>Continuing – see Point 3</p> <p>Principals indicate their intention to use the improvement strategies</p>	<p>1. In 2021, a contract was entered with ACER to conduct School Reviews of eleven schools. Due to disruptions experienced in 2021 because of COVID-19, the administration components were completed in 2021 with actual school visits and reviews to be completed in 2022.</p> <p>2. Schools will have access to independent, evidenced feedback about school performance</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
			<p>listed in the report as a basis for future planning. 100% Achieved – see Point 4</p>	<p>following the conclusion of their review in 2022.</p> <p>3. Schools will be issued with a report including commendations, affirmations and recommendations to support improvement processes at the conclusion of their review in 2022.</p> <p>4. Schools have indicated their intention to use the improvement strategies listed in the report as a basis for future planning.</p>

				<p>school NCCD teams and changes made as appropriate.</p> <p>6. Low numbers at Quality Differentiated Teaching Practice level across the diocese.</p> <p>7. Limited changes were made after submission of preliminary data.</p>
HALT (BCE Led)	<p>To promote awareness of voluntary Highly Accomplished and Lead Teacher (HALT) certification and career paths for all teachers among key BCE audiences (teachers, school and system leaders), while delivering specific support to those seeking HALT certification or accreditation as HALT Assessors.</p> <p>This 3-year project was initiated in 2020 and is expanding across 2021-22 as a greater awareness and interest is generated; increased applications are received for HALT Certification and Assessors; and broader BCE system processes are established.</p> <p>The project will:</p> <ul style="list-style-type: none"> • enhance teacher capability • empower teachers as leaders • improve student outcomes 	<p>Increased engagement and understanding of the standards as a career progression resource (for performance and development). Achieved – see Point 1</p> <p>More applicants are successful in their application for HALT Certification. Achieved – see Point 2</p> <p>More Assessors are trained and receive accreditation. Achieved – see Point 3</p> <p>Shared understanding of BCEO personnel of</p>	<p>Approximately 10 schools will request professional learning explicitly focussed on the (Australian Professional Standards for Teachers) APST and Accreditation. 100% Achieved</p> <p>Increased numbers of teachers submit HALT portfolio applications. 100% Achieved – see Point 6</p> <p>Increased school-based Assessors utilising knowledge of the APST and process in their work. 100% Achieved – see Point 7</p>	<p>1. Annual Performance & Development process includes the Australian Professional Standards for Teachers (APST) and is being refined and developed into a digital platform by BCE Organisational Development, resulting in the APST becoming more widely used in teacher annual goal setting. Additionally, APST are specifically referenced in all professional learning provided at centrally held and school-based events.</p> <p>2. BCE continues to promote a greater depth of understanding of the role of certification and the collection of impact data by school leadership teams, to generate the environment for success in HAT & LT certification.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
		<p>future development needs to support successful HALT Certification and Assessor applications. Achieved – see Point 4</p> <p>Build in sustainability by utilising the resource of successful applicants to support future aspiring HALT applicants. Achieved</p>	<p>Depth of understanding of the standards when working with school personnel in delivering service to schools. 100% Achieved – see Point 8</p> <p>Approximately 50% of HAT and LEAD teacher applicants will be successful in obtaining certification and become resources within schools, for leaders and colleagues and across the system. 100% Achieved</p>	<p>3. A further 12 staff are undertaking training to become accredited assessors, this is in addition to the 8 existing assessors in BCE.</p> <p>4. Increased number of Education Officers have been trained as assessors.</p> <p>5. Cluster Curriculum EOs map their work to the APST, highlighting existing work alignment and identifying gaps for further exploration. Spire pages designed to share understanding of support requirements for aspiring HAT, LT and assessors have been created.</p> <p>6. Greater understanding of the rigour of the certification process has resulted in 20 Notifications of Intent to apply being submitted in 2021 for 2022. The number of interested applicants who withdrew from the 2021 process will, in most cases, further increase the applicant numbers in 2022.</p> <p>7. 13 schools now with Assessors on staff</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>8. 7 Assessors work in Brisbane Catholic Education Office.</p> <p>The depth of understanding of the APST by office personnel when working with school personnel in delivering service to schools is very high.</p>
<p>Leading with Integrity for Excellence (LWIE)</p>	<p>LWIE is an externally facilitated program which aims to build capacity around strategic leadership, accountability, governance and performance among Principals and aspiring Principals. The program is designed to support participants to be efficient and effective administrators and be leaders of learning within a Catholic school context.</p> <p>In collaboration with the governing body, school leaders have critical responsibilities in leading and nurturing a Catholic school community in an ever-changing and complex environment. These programs improve stewardship of resources, governance, ethical practices and decision making, strategic thinking and performance, by enhancing confidence, effectiveness and competence in areas of governance.</p> <p>Delivery is mainly face to face (6 days) and in-school activities between the key presentation days. The total project cost (\$285,000) is made</p>	<p>Support 60 (at a program cost of approximately \$4,750 per participant) Principals and aspiring Principals to be efficient and effective administrators and leaders of learning within a Catholic school context.</p> <p>Achieved – see Point 1</p>	<p>More than 60% of participants report improved understanding of financial management, governance, ethical practices and decision making, strategic thinking and performance.</p> <p>166% Achieved – see Point 2</p>	<p>1. Participation came in at slightly lower than expected at 80% of the target cohort. Ongoing Covid19 challenges within schools is seen as the main cause.</p> <ul style="list-style-type: none"> • Cohort 16: 29 participants • Cohort 17: 21 participants <p>2. 100% of Cohort 16 and Cohort 17 participants reported that the course provided either to a large extent or a great extent relevant information that enhanced their understanding of all aspects of leadership.</p>

		Online testing in May. Achieved		<p>3. Transition of schools to NAPLAN Online as follows:</p> <ul style="list-style-type: none"> • Stage 1 – 2017 to 2018 – 18 schools participated in NAPLAN Online • Stage 2 – 2018 to 2019 – 80 schools participated in NAPLAN Online • Stage 3 – 2019 to 2021 – 144 BCE schools participated in NAPLAN Online <p>4. 144 BCE schools successfully completed NAPLAN Online. <i>School, staff and student readiness:</i> Schools are continuing to work towards 'optimal levels' as it is an ongoing process and reliant on individual schools. BCE wide Professional learning opportunities and digital resources have been provided for schools to utilise. <i>Technical readiness</i> currently optimal.</p>
Accelerate in the Early Years – Early Learning Partnerships	<p>2nd year of a three-year local project 2020-2022 led by BCE that seeks to positively impact student learning progress.</p> <p>This project will lead to an established and informed response to scale across various school contexts through the identification of early screening tools, partnerships, practices,</p>	Building of each role holders' capacity (teachers, PLL's, ST: IE's, Leadership teams and other specialists) to best respond to each student's learning	Early literacy progress monitored through – Letter/Sound knowledge, Concepts of Print and PM benchmarking will provide quantifiable measures of success.	1. Teacher voice, teacher engagement, peer feedback, and end of Project reviews (in three schools), indicate clearly that teacher capacity has been built in each identified deliverable, effectively ensuring responsive teaching and impact to student learning in a

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<p>processes and structures that sit within and around the Levels of Teaching Response as a framework to inform decision making that best responds to student early literacy growth and progress.</p> <p>This project extends Brisbane Catholic Education's (BCE) current focus on effective and expected leadership and teaching practices to identify and implement processes and practices that ensure each student receives the responsive teaching they require, when and as they need it.</p> <p>The project will develop and articulate school-based partnerships, processes and practices that respond to student learning progress and provide responsive teaching and support, that results in learning progress and achievement for every student.</p>	<p>progress in a timely way. Achieved – see Point 1</p> <p>Deeper understanding of Partnerships, practices, processes and structures that need to exist in schools to progress the learning of each student. Achieved – see Point 2</p> <p>A refined understanding of how the Levels of Teaching Response can be used as a framework to progress the learning of each student. Achieved – see Point 3</p> <p>A review and deepened understanding of Early Years Screening tools that can be upscaled and shared, to provide our schools with the right information at the right time to inform a response to move early</p>	<p>100% Achieved – see Point 5</p> <p>Successful development of the program for extension to a broader number of schools across 2021-22. 100% Achieved – see Point 6</p> <p>Improved early reading levels for students in the project schools. 100% Achieved – see Point 7</p> <p>Levels of Teaching Response process is refined, elaborated and exemplified. 100% Achieved – see Point 8</p> <p>Responsive teaching and differentiation occurring at the level and in the manner needed for each student. 100% Achieved – see Point 9</p>	<p>timely way. This is ongoing in current project schools. Leadership capacity is significantly variable across the project schools, and this is an identified focus moving into 2022, the final year of this project.</p> <p>2. Growth in understanding how partnerships, practices, processes, and structures connect to support student progress is evident in all project schools. Teachers in early years classes valuing data processes to inform has led to student progress; in-turn changing teacher mind-sets to value their own impact through targeted and responsive teaching. Changes to Primary Learning Leader practices now value data collection in an ongoing way to inform planning conversations. Clarity of roles has allowed for streamlined support at each level of teaching response. Refined processes such as Review and Response allow for the levels of teaching response to be a framework for decision making.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
		<p>literacy acquisition and the associated literacy skill development forward to impact progress for each student.</p> <p>Achieved – see Point 4</p>	<p>Models/examples of effective practice are used to scale up implementation across a broader number of schools.</p> <p>100% Achieved – see Point 10</p> <p>An evaluation of the pilot identifies other tools and processes that may be introduced to provide useful data and information to inform teaching responses.</p> <p>100% Achieved – see Point 11</p>	<p>3. Teacher surveys and project reviews indicate teacher clarity of how the levels of teaching response is used as a decision-making framework (90% and moving to sustainable levels). Next steps – for each school to document how levels of teaching response is embedded within their school context (outline practices, processes, partnerships, and structures) to ensure sustainability of project work as new staff onboard.</p> <p>4. A change in practice in how early years screening tools are implemented is evident across project schools. Increased data literacy skill is allowing for informed decision making in the implementation of screening tools. The right data is now allowing the right partnerships to respond in a timely way which is having positive impact on student progress, in some cases accelerated progress is evident through the right tool informing the right response at the right time for students. Capacity continues to be built in ensuring that monitoring of the planned intervention occurs in an ongoing way to plan next steps at each point of the</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>learning at each level of teaching response.</p> <p>5. Monitoring of early literacy skills is now occurring in an ongoing way to inform teaching response. Recommendations have been proposed from Project officers to create a data representation tool with focus on student progress as well as achievement.</p> <p>6. In progress – ongoing on-boarding continues and planning forward to 2022 for the Levels of teaching response to be a way of working within our schools. Review and trial of professional learning that can be upscaled to support teacher knowledge of essential elements identified through project work (oral language, phonological awareness etc). The practical findings of this project will inform Policy and Innovation as we move into 2022.</p> <p>7. Every student in every project school shows progress in reading. Some students who were identified through the Level of Teaching Response (LOTR) made accelerated progress.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>8. The Levels of teaching response has been reviewed and refined over the past 18 months. This project has been significant in informing decisions to support changes to visual representation and advice to implementation for schools. The ways of supporting schools through the Levels of Teaching Response as a framework, will inform multidisciplinary teams supporting schools in 2022.</p> <p>9. Project reviews indicate growth in teacher confidence to make decisions about differentiation in their classrooms, with deeper understanding of student needs through processes that allow for dialogue and data analysis. Work focused on differentiation across BCE has been identified and this project is informing this work.</p> <p>10. While examples of effective practices are evident in Early Years Classrooms, this needs to be upscaled within project schools, and across project schools and all schools. Collaboration between cluster partners</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>from across teams, will promote this with their work to schools in 2022.</p> <p>11. Ongoing evaluation and piloting of other tools and processes continues to be a focus moving this project forward. Data and evidence of responses to datasets have been collected through project work to inform system decisions moving forward. Evaluation of existing early years literacy monitoring tools has identified gaps in teacher knowledge to interpret this data, specifically in knowing where to next for students not making progress in developing their concepts about print, and letter/sound knowledge.</p>
<p>Governance and Compliance Capability Program</p>	<p>To support the development and delivery of training to increase the capability of school leaders and staff to meet Brisbane Catholic Education's (BCE) regulatory and legislative requirements.</p> <p>As a regulated entity, the development and delivery of a Compliance Capability Program to all school-based and office leaders will promote the intent that participants possess a thorough understanding of all major compliance elements of BCE's regulatory framework.</p>	<p>BCE schools will meet all regulatory and legislative requirements. Achieved – see Point 1</p> <p>Participants will be empowered, knowledgeable and trained in all aspects of compliance requirement and risk</p>	<p>70% of participants report greater confidence to assess compliance and take action to meet requirements when required and to assess, manage and mitigate risk for projects and programs of work. 100% Achieved – see Point 3</p>	<p>1. As a result of the training, principals and senior staff have a strong awareness of the regulatory requirements and the importance of BCE controls to ensure obligations are met.</p> <p>2. All principals and senior staff attending the program gained greater understanding across the regulatory environment, governance and risk, financial stewardship, education</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<p>Resources will be developed to support the ongoing improvement of compliance and risk management capabilities of school senior leaders and staff. Resources will include:</p> <ul style="list-style-type: none"> • a new HealthCheck process which will support school staff to assess the performance of schools and the level of compliance through dashboards for performance data and systems for compliance monitoring and reporting. • develop School Operating Handbook as a one stop shop reference resource for principals and office leaders to meet all regulatory and legislative requirements. • develop and deliver a face to face training program workshops to embed staff compliance and risk management practice. <p>The program will deliver Compliance Capability Training Program framed around NSSAB compliance requirements, incorporating six training modules:</p> <ul style="list-style-type: none"> • Introduction to BCE's regulatory environment • Governance (including risk management) • Financial literacy • Education accreditation • Student Welfare processes 	<p>management mitigation strategies of their roles. Achieved – see Point 2</p> <p>200 places will be offered in the program. Achieved</p> <p>Training program to be delivered by external provider, The Brown Collective. Achieved</p>	<p>All BCE schools meet Non-State Schools Accreditation Board (NSSAB) accreditation requirements. 100% Achieved</p> <p>Quality program will be assessed by the Compliance Review and Assurance Teams such as through the NSSAB Compliance Review program. 100% Achieved – see Point 4</p> <p>Professional practices program feedback developed on a module by module basis to measure how the capability program will change the way participants will work – this could be undertaken through a post-program Q&A session. Continuing – see Point 5, 6 and 7</p>	<p>accreditation, safeguarding students, human resources and safety.</p> <p>3. This response is based on the feedback from the first cohort. Feedback identified that all survey respondents would apply the knowledge gained in their roles.</p> <p>4. The quality and impact of the program will continue to be monitored into the future.</p> <p>5. Subject matter experts were engaged in the development of each module and the relevant resource documentation to inform the impact on participants future approaches to legislative obligations.</p> <p>6. The post-program assessment is in development and is intended to be implemented in early 2022 post the final of four cohorts. The assessment aims to identify improvements and trends to improve capability building.</p> <p>7. The post-program assessment and reporting is in development and will be implemented to identify improvements</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<ul style="list-style-type: none"> Human resources 		<p>Post-program assessment and reporting by business owners of curriculum content, on overall system improvement and trends in identified issues, as a result of intended capability building. Data literacy for school leaders	<p>Local Project lead by Brisbane Catholic Education (BCE). Program will focus on NAPLAN error analysis and Australian Curriculum Literacy and Numeracy requirements, with further refinement of BCE dashboards and reports relevant to key stakeholders in the BCE office and schools.</p> <p>Additional data analytics development required to build and enhance the HealthCheck platform and termly data updates to support system data priorities.</p> <p>Pilot the workshop products and resources ahead of broader roll-out across BCE schools and office leaders and teachers through remainder of 2021, with a view to continuing in 2022.</p> <p>Build data literacy capacity of System and School leaders in the application and analysis of data to strategically drive System and School priorities leading to improved system learning performance.</p>	<p>School leadership teams increased use of data to inform decision making and strategic planning. Achieved – see Point 1</p> <p>System leaders use data evidence base to drive system improvement and performance. Achieved – see Point 2</p> <p>Understanding and effective implementation of processes and practices to analyse school datasets and identify key themes for strategic action that results in school improvement. Achieved – see Point 3</p> <p>Focused analysis of NAPLAN data to inform future teaching emphasis across BCE schools. Achieved – see Point 4</p>	<p>Pilot feedback from school and office-based staff identified further areas for refinement. 100% Achieved – see Point 6</p> <p>Pilot supported continued roll-out by at least 60% of participants. 166% Achieved – see Point 7</p> <p>Leaders report greater understanding of how to establish positive environments for data conversations 100% Achieved – see Point 8</p> <p>Improved documentation of strategic goals and annual plans with evidence of data informed decision making 100% Achieved – see Point 9</p>	<p>1. NAPLAN data item analysis workshops conducted and all schools invited to attend a workshop session. Ongoing 1:1 and school group data sessions also provided to upskill School Leadership teams in their NAPLAN data and other key data set analysis to support annual planning and formation of their Explicit Improvement Agendas (EIA).</p> <p>2. System leaders have been upskilled in the use of the system & school HealthCheck which provides key data sets to support the tracking of KPI's.</p> <p>3. Implementation of the School HealthCheck to support schools annual planning and strategic decision making to improve student progress and achievement.</p> <p>4. NAPLAN data item analysis workshops conducted and all schools invited to attend a workshop session. Ongoing 1:1 and school group data sessions also provided to upskill School Leadership teams in their NAPLAN data and other key data set analysis to support annual planning and formation</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
		<p>Provide digital platform which includes low level data security for all BCE School Principals and leadership teams and system leaders access to the PowerBI app/Powerapp called the 'HealthCheck' Achieved – see Point 5</p>	<p>Targeted and precise allocation of resources to support strategic intents. 100% Achieved – see Point 10</p> <p>All school Principals, Leadership teams and System Leaders have access to the PowerBI HealthCheck app and are engaging with the HealthCheck PowerBI/Powerapp to track school key performance indicators 100% Achieved – see Point 11</p>	<p>of their Explicit Improvement Agenda's (EIA).</p> <p>5. Implemented and used across all schools and monitored and tracked by System Leaders.</p> <p>6. Ongoing feedback from Principals and Senior Leaders in the usability, function and appropriate datasets to support school improvement has been conducted.</p> <p>7. HealthCheck has been rolled out across all BCE schools.</p> <p>8. School leaders and system leaders comment on the fact that all stakeholders are using a common data framework to support consistent data conversations focused on improvement student progress and achievement.</p> <p>9. HealthCheck is a key component for all schools to support the design of their 2022 Annual Plan and their Explicit Improvement Agenda.</p> <p>10. The HealthCheck provides HR, Wellbeing, Student Learning data,</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>financial, diversity & inclusion as well as contextual data (ICSEA, NCCD, EAL/D, First Nations) to support schools in where to strategically focus resources based on the data presented.</p> <p>11. All BCE school leaders and system leaders have access to and engaging with the HealthCheck and PowerApp.</p>
School Improvement and Health Check	<p>The Brisbane Catholic Education (BCE) Strategic Plan (2021-2025) identifies the need to design a new school improvement framework that supports organisational priorities and to introduce a quarterly HealthCheck for each school. Engage experienced Principals as Panel Chairs for multiple School Reviews as a means of developing their insight into quality schooling and school improvement issues.</p>	<p>Launch a quarterly HealthCheck process for schools Achieved – see Point 1</p> <p>Train Senior Leaders and Principals in HealthCheck processes and linkages to the improvement agenda of each school and the organisation. Achieved – see Point 2</p> <p>Set each quarterly HealthCheck focus in response to emerging trends and needs and refine the process on basis of experience.</p>	<p>HealthCheck data is available each term for every school. (n of schools greater than 95%) 100% Achieved – see Point 7</p> <p>Health Check data is available for interrogation and analysis within the BI Tool for school and system leaders to inform future planning and improvement. (n of schools greater than 95%) 100% Achieved – see Point 8</p> <p>Curriculum Compliance Audits</p>	<p>1. All BCE school leaders have access and actively engaged in the use of the HealthCheck along with BCE System Leaders</p> <p>2. Multiple training and feedback sessions offered both face to face and online to Senior Leaders/System Leaders and Principals and leadership teams.</p> <p>3. Termly review/update of key data sets/compliance questions</p> <p>4. Template designed to supports schools in curriculum compliance</p> <p>5. Curriculum compliance audits conducted both through NSSAB compliance reviews (Strategy & Governance) and Primary Learning</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
		<p>Achieved – see Point 3</p> <p>Develop a BCE Curriculum Compliance Guide (P-12) Achieved – see Point 4</p> <p>Introduce and refine the Curriculum Compliance Audits process. Achieved – see Point 5</p> <p>Introduce and use of a refined School Improvement Tool which draws upon School HealthCheck, Curriculum Compliance data and BCE Organisational Priorities. Achieved – see Point 6</p>	<p>identify the extent that schools are compliant with the curriculum and any risks areas. 90% Achieved – see Point 9</p> <p>Curriculum Compliance Audits identify further improvement opportunities – name top three. 100% Achieved – see Point 10</p> <p>Availability of a School Improvement tool which allows for incorporation of BCE priorities over time. 100% Achieved – see Point 11</p> <p>Incorporation of School Improvement, Compliance and Health Check data in the BI Intelligence tool in support of future improvement actions</p>	<p>Leaders and Curriculum leaders' workshops run by the Learning & Teaching, Learning Services team</p> <p>6. Currently all BCE schools are undergoing a School Improvement review using the National School Improvement tool. Data to support evidence across domains is drawn from the HealthCheck, Compliance data and the BCE priorities.</p> <p>7. All BCE schools have their school HealthCheck available through the PowerBI platform across each term of 2021</p> <p>8. All BCE schools have access to their HealthCheck data through the PowerBI platform</p> <p>9. Curriculum Compliance audits are currently being finalised which are identifying areas for further development to ensure whole school curriculum plans are compliant</p> <p>10. Top three opportunities for improvement include:</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
			<p>(report achievement of number of those planned by end 2021). 100% Achieved – see Point 12</p>	<ul style="list-style-type: none"> • Applying the Australian Curriculum achievement standards against the A – E five point scale or equivalent • Articulate school moderation processes to quality assure teacher judgements • Differentiation to ensure all students are stretched and challenge with multiple opportunities to succeed <p>11. Use of the School HealthCheck along with the National School improvement tool to support school improvement. All schools, as part of their 2022 annual planning, will include a learning & teaching Explicit Improvement Agenda to target a specific area/focus</p> <p>12. Key developments include:</p> <ul style="list-style-type: none"> • School Improvement review reports have findings and recommendations captured into the PowerBI platform to identify key themes system findings and insights from individual school findings and recommendations • Compliance reviews capture findings into the PowerBI platform

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>to track system compliance issues/risk system trends</p> <ul style="list-style-type: none"> • HealthCheck captures key data sets across all BCE enterprise systems into the PowerBI platform

Religious Institute/Public Juridic Persons Catholic School Authorities

This group represents Religious Institute (RI) and Public Juridic Persons (PJP) school authorities. There are 9 RI school authorities which are schools that are run by a religious order of priests, brothers or nuns. There are 8 PJP school authorities that are run by church-based incorporated bodies which are legal entities under canon law. While some PJP authorities are schools, Edmund Rice Education Australia (EREA) operates 21 schools and is run by the Congregation of Christian Brothers in Australia. In total, there are 37 RI/PJP schools represented by 16 school authorities.

RI/PJPs operate as their own Catholic School Authority and do not fall under the governance of a diocesan office. Since August 2019, RI/PJP schools have elected to pool their allocation of NGRSF funding and for QCEC to support and administer this funding on their behalf, in line with priorities identified by the RI/PJP Education Committee. All RI/PJP schools have the opportunity to engage in projects facilitated by this allocation of funding.

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
<p>Nationally Consistent Collection of Data on Students with Disability (QCEC led)</p>	<p>RI/PJP School staff are supported to engage in both central QCEC led NCCD project activities, RI/PJP specific NCCD activities and school specific NNCD activities. The NGRSF funds also support the engagement of two Inclusive Education Consultants to work across RI/PJP school clusters to support school staff to improve collection of data to support the NCCD. School staff will be supported by the RI/PJP Inclusive Education Consultant and the RI/PJP Inclusive Education Consultant's assistant.</p>	<p>Improved understanding of the NCCD across school leaders, class teachers and Learning Support specialists. Achieved – see Point 1</p> <p>Consistent, quality practice across our schools in terms of evidence collection and collation, and decision making about level of addressed need. Achieved – see Point 2</p> <p>On-going improvement in NCCD related systems</p>	<p>Preliminary NCCD data will closely match the actual data from Queensland Catholic schools' levels of adjustment and categories of disability reducing the number of queries from the Australian Government Department of Education. 100% Achieved – see Point 4</p> <p>Audits of schools' NCCD find appropriate evidence for NCCD decisions. 100% Achieved – see Point 5</p>	<p>1. 53 classroom teachers, learning support teachers, school counsellors, school leaders, speech pathologists, teaching assistants and other staff members from RI/PJP schools attended NCCD training facilitated by QCEC designed to improve the understanding of NCCD. 92% of survey respondents reported a high level of understanding of the NCCD following the training.</p> <p>2. All RI/PJP schools made decisions about the level of addressed need prior to the census submission, informed by evidence collected and collated. Schools have established NCCD teams as a process of continuous improvement.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
		<p>and processes across all schools. Achieved - see Point 3</p>	<p>70% of participants at training workshops feel more confident implementing the NCCD. 94% Achieved – see Point 6</p> <p>60% of teachers who participate in moderation report feeling more confident in their recommendations. 142% Achieved – see Point 7</p> <p>60% of Catholic schools who engage in a facilitated NCCD reflection and planning session report increased confidence with developing an NCCD action plan. 167% Achieved – see Point 8</p>	<p>3. All schools received a direct distribution of NGRSF funding proportionate to school enrolments, to fund school-based activities to support the ongoing improvement in NCCD related systems and processes in schools. Schools reported that the funding assisted to undertake a number of activities to support staff, including professional development activities (i.e. full-day professional development around understanding various disabilities and strategies to use within the classroom setting; or specialist training in autism and dyslexia), or support the employment of specialist staff to assist teaching staff (i.e. speech therapist, occupational therapist, learning support teachers, Autism QLD specialist, project specialists). The RI/PJP Inclusive Education Consultant continued to work across all RI/PJP schools to provide additional support and was supported by an assistant recruited in 2021.</p> <p>4. Preliminary NCCD data closely matched the final data submitted as part of the census , with 0.4% variation within EREA schools and 0.8% change in</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>RI/PJP schools between the preliminary submission and the actual data.</p> <p>5. 100% of schools (3 in total) that had a post enumeration on 2020 data were found to have appropriate evidence for NCCD decisions.</p> <p>6. 66% of survey respondents indicated increased confidence with implementing the NCCD.</p> <p>7. 85% of survey respondents indicated they were more confident in their recommendations of level of adjustment and category of disability.</p> <p>8. 100% of survey respondents following the NCCD reflection and planning session reported increased confidence in developing an NCCD action plan.</p>
NAPLAN Online (QCEC led)		Engagement with QCEC led activities Achieved	Engagement with QCEC led activities 100% Achieved	<p>23 RI/PJP schools engaged in a range of QCEC led and supported activities including:</p> <ul style="list-style-type: none"> • Refresher (national protocols) training • Practice testing including Coordinated Practice Test • NAPLAN Online Readiness Forum

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<ul style="list-style-type: none"> School Readiness Test (SRT) training and events QCEC Online Assessment Virtual Symposium.
HALT (QCEC led)	<p>This project provides support for staff in RI/PJP schools looking to achieve Highly Accomplished or Lead Teacher (certification) through the provision of</p> <p>HALT Applicants networking events</p> <p>Recruitment of a HALT Support Consultant</p> <p>The HALT Support Consultant will work across all RI/PJP schools to raise the profile of HALT Certification, improve understanding of HALT Certification processes, and assist schools to support teachers seeking certification.</p>	<p>Recruitment of a HALT Support Consultant to support teachers in RI/PJP schools seeking certification Achieved</p> <p>Provision of networking events to support RI/PJP teachers seeking HALT certification Achieved – see Point 1</p>	<p>Improved understanding of the HALT certification process in RI/PJP schools 100% Achieved – see Point 2</p> <p>HALT Applicants benefit from the support offered by other applicants 100% Achieved – see Point 3</p> <p>HALT Support Consultant works across RI/PJP schools to raise the profile of HALT Certification, and increase support for HALT applicants 100% Achieved – see Point 4</p>	<p>1. Following from the 2020 networking event for RI/PJP Schools, QCEC provided a networking event for RI/PJP aspirants intending to submit a portfolio in June 2021. These were supported by certified teachers to share their experiences. Such events built a network of aspirants within the sector. For the 2021/2022 certification cycle, four Online Introductory Sessions attracted enrolments of twenty-one RI/PJP teachers.</p> <p>In-Depth Workshops (online and face-to-face) resulted in twenty-three enrolments, and RI/PJP aspirants were welcomed into Diocesan In-Depth Workshops to enable networking opportunities.</p> <p>Individualised RI/PJP sessions for teachers from these schools have been held with the RI/PJP Consultant visiting schools to meet with certification aspirants.</p> <p>2. The RI/PJP Consultant has contacted and/or visited twenty-five Queensland</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>RI/PJP schools to meet with Leadership teams and aspiring HALT applicants to promote and build understanding of the certification process.</p> <p>Building school leader understanding of the scope of support required for aspiring teachers has been enabled and enhanced through hosting certification guest speakers at three of the RI/PJP Principal meetings.</p> <p>3. The RI/PJP Consultant facilitated two (online) collaborative groups, providing networking opportunities for potential applicants to share best practice and conduct evidence collection discussions. Group 1 meets weekly and has nine members. Group 2 meets fortnightly and has seven members.</p> <p>Members of these groups reported that they found the collaborative groups helpful, particularly in terms of engaging with and understanding the intent of the Descriptors of the Australian Professional Standards for Teachers (APST) at the Highly Accomplished and Lead Teacher career stages.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>4. The RI/PJP Consultant provided support through a number of avenues: Direct communication and support with fifty teachers considering Certification. Of these, twenty teachers have sought further engagement with the RI/PJP Consultant. Following contact with teachers a subsequent survey of these twenty teachers was conducted, resulting in 100% of respondents reporting that they had been supported by the Consultant in their Certification journey.</p> <p>Facilitation of a TEAMS site, where applicant resources are frequently updated.</p> <p>Hosting full day Professional Development (PD) workshops and one-hour workshops. Feedback from the PD showed that all respondents felt the PD increased their professional knowledge (with 45% reporting it increased their professional knowledge 'a great deal', that all respondents left the session with specific strategies they would be embedding into their future practice, and all respondents reported they were likely to pursue certification at some point in the future. All survey respondents also stated they would</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				recommend colleagues attend a similar PD session.
Middle Leadership Development Program	<p>This project is the result of a collaborative partnership between the Queensland Catholic Education Commission (QCEC), the Global Learning Centre and the Queensland Education Leaders Institute (QELi). The program is focused on developing visionary Catholic education leaders in Queensland Catholic secondary schools. The program will develop and enhance leadership capabilities, twenty-first century global competencies and evidence-informed practice using action research to improve student outcomes and lead positive change in schools and communities.</p> <p>The program will equip middle leaders with the knowledge and capabilities in leadership and global competencies to foster school cultures that are responsive to the compelling realities of a globalised world. The program is aligned to AITSL's Australian Professional Standards for Principals and the Leadership Profiles.</p> <p>The target audience is aspiring and current middle leaders and includes:</p> <ul style="list-style-type: none"> • Teachers who hold an acting middle leader or coordinator position. 	<p>Support up to 25 middle leaders and aspiring middle leaders (per cohort) to build leadership capabilities and global competencies.</p> <p>Achieved – see Point 1</p>	<p>More than 60% of participants report improved confidence, capabilities and competencies leadership to influence strategic priorities and classroom practices.</p> <p>153% Achieved – see Point 2</p> <p>More than 60% of participants surveyed report that they understand how to weave global competencies in curriculum planning and teaching.</p> <p>112% Achieved – see Point 3</p> <p>More than 60% of participants report they learnt strategies for how to build trust.</p>	<p>1. 54 RI/PJP middle leaders and aspiring middle leaders were supported to build leadership capabilities and global competencies. 24 participants commenced the QELi and Global Learning Centre <i>Leadership Development Program</i> in February 2021, which had been postponed from 2020. 26 participants commenced the QELi <i>Middle Leadership Development Program</i> in March 2020. Four participants commenced the QELi <i>Leadership for Middle Leaders</i> program in April 2021.</p> <p>2. Of the survey respondents, 100% reported the course helped them to feel more confident in their leadership capabilities, 94% reported the course developed their competencies in leadership, and 83% reported the course developed their ability to influence strategic priorities.</p> <p>3. Of the 54 course participants in 2021, only 44% were enrolled in the QELi and</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<ul style="list-style-type: none"> Middle Leaders who are aspiring to Senior Leadership. 		167% Achieved – see Point 4	<p>Global Learning Centre <i>Leadership Development Program</i> which featured a specific focus on global competencies. Of the participants in this course, 67% of survey participants reported the course had improved their understanding of using global competencies in curriculum planning and assessment.</p> <p>4. 100% of survey respondents reported that the course had taught them strategies on how to build trust.</p>
Amplifying Student Voices – Pivot Student Engagement Tool	<p>Collect data on student perceptions and teaching effectiveness over time to provide a line of sight between individual teachers, school leaders, school authorities and QCEC on the effectiveness of teacher practice and strategies for continual improvement.</p> <p>Enable teachers to receive direct feedback on the effectiveness of their teaching through student surveys. The survey results are private to the individual teacher but available at an aggregate level for school and system leaders. A range of resources are also provided to assist teachers in how to unpack the results of the survey and continually improve the effectiveness of their teaching. It is aligned with the AITSL Professional Standards for Teachers.</p>	<p>Data available on student perceptions. Achieved – see Point 1</p> <p>Bespoke reports available for Catholic school staff and school authorities. Achieved – see Point 2</p> <p>Teachers build deeper understanding of their strengths and areas for professional growth. Achieved – see Point 3</p>	<p>Teachers can access tools to generate data to inform their professional development. 100% Achieved – see Point 6</p> <p>School leaders have data to inform school planning. 100% Achieved – see Point 7</p> <p>More than 60% of participants report an increased preparedness</p>	<p>1. 187 teachers from six RI/PJP schools used the Pivot Student Perception Survey to gain confidential, evidence-based feedback about their classroom practice by surveying 6,871 students. Feedback from the surveys provided insights into student perceptions of teacher practice closely linked to the AITSL Teacher Standards. School leaders were provided with aggregated data to give insights into the strengths and development priorities of their staff.</p> <p>2. Pivot presented a Cluster Report to QCEC at the end of each survey round, which provided the aggregated results</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<p>The funding will support approximately 165 teachers to use the student perception tool with their students.</p>	<p>School leaders have access to aggregated data on teacher effectiveness. Achieved – see Point 4</p> <p>School planning is informed by the voice of students. Achieved – see Point 5</p>	<p>to use data to inform teaching practices. 100% Achieved – see Point 8</p>	<p>from the surveys and a sector-wide view of the feedback from the survey rounds. A de-identified version of this report was presented at an RI/PJP Principals meeting in August 2021.</p> <p>3. Teachers were able to build a deeper understanding of their strengths and areas for professional growth through the survey results which were aligned to the AITSL teaching standards. As many teachers engaged in two rounds of the survey in 2021, they were able to compare survey results to gain a more wholistic view of their professional growth over time.</p> <p>4. Participating school leaders were provided with an opportunity to undertake a Coaching Call at the end of each survey round, in which the report from the survey was presented (3 out of 6 schools opted for the coaching call). School leaders also received an overview of the Round One Cluster Report at the August RI/PJP Principals meeting, which included the aggregated survey results from all participating schools.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				<p>5. Schools have been able to schedule focused Professional Development sessions to target areas for improvement identified through the survey cycles, to ensure the needs of students communicated in the feedback is addressed.</p> <p>6. Teachers were given the opportunity to participate in a coaching call to understand the feedback from the survey. Teachers were also given access to a number of tools to assist them to use the data to inform their professional development including a reflection sheet, planning sheet for the next steps (which outlined both what the teacher can do individually, and what can be done including the broader class and school network).</p> <p>7. Participating schools were provided with the results from the survey cycles which provided areas to focus improvement measures in to inform planning. The feedback provided was closely aligned to the AITSL Teaching Standards, allowing them to schedule further professional learning opportunities to target key areas.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				8. Participants and school principals reported an increased understanding and engagement with data to inform teaching practices. This positive response from participants has resulted in 2022 funding also been committed to this activity.
Improving School Governance	<p>This project will deliver bespoke training and development for school boards, chairs and principals that will target gaps in members knowledge and expertise.</p> <p>The training will assist up to 34 participants to clearly understand their roles and responsibilities, their areas of interaction and how they can collectively contribute to the success of their school and the resources available to them.</p> <p>The program of professional learning will include a focus on strategic planning and strategic risk management – evaluating the allocation of resources, adjusting strategy based on changing conditions, engaging with innovation – and managing the risk of principal/leadership burn-out.</p>	<p>High quality governance training is achieved for school boards, chairs and principals Achieved – see Point 1</p> <p>School boards, chairs and principals are equipped with the knowledge to effectively perform their role in charting the directions of their schools Achieved – see Point 2</p>	<p>80% of participants report the training clearly defined the roles of the principal, the Board Chair and the Board. 125% Achieved – see Point 3</p> <p>80% of participants report they understand the difference between the day-to-day administration of school affairs and school governance. 125% Achieved – see Point 4</p> <p>70% of participants report they feel more confident about</p>	<p>1. 33 attendees comprising of school principals, senior school leadership and board members from eight RI/PJP schools attended a training day on the 15th of June 2021 delivered by <i>Board Matters</i>. Participants completed a pre-workshop survey which allowed the course to be specifically tailored to the needs of participants. The course focused on the roles, responsibilities and relationships between the Principal, Chairs and School Board.</p> <p>2. 100% of post-workshop survey respondents reported that School Boards, Chairs and Principals were equipped with the knowledge to effectively perform their role in charting the direction of their schools.</p> <p>3. 100% of survey respondents reported that the training clearly defined the</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
			contributing to the future of their school. 142% Achieved – see Point 5	roles of the Principal, the Board Chair and the Board. 4. 100% of survey respondents reported understanding the difference between the day-to-day administration of school affairs and school governance. 5. 100% of survey respondents reported feeling more confident about contributing to the future of their school.
Engaging Parents	<p>This project will provide support to Catholic schools for building parent-school engagement through school events that could also include community and/or industry.</p> <p>Schools lead parental engagement activities in recognition that both parents and teachers play an important role developing positive attitudes towards learning and education for children, building their motivation and confidence as learners, and fostering their enjoyment of learning.</p> <p>There is strong evidence linking parent engagement with academic outcomes and engagement with learning.</p>	<p>Parents attend school organised parental engagement activities. Achieved – see Point 1</p> <p>Parents receive resources and information about how to engage Achieved – see Point 2</p> <p>Schools organise a range of parent engagement activities relevant to their students and school community. Achieved – see Point 3</p>	90% of schools report they organised and delivered parent engagement activities. 111% Achieved – see Point 4	<p>1. Schools reported a high level of engagement from their parents in the various activities utilising Parent Engagement funding.</p> <p>2. Some schools used their funding to provide specific resources to parents such as an online resource subscription to support their parents, a School TV resource or an Easy English Fact Sheet to support parents to engage with the school.</p> <p>3. All RI/PJP schools hosted at least one parent engagement activity in 2021 to assist in building parent engagement with their school. Activities included events such as family days, year level</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<p>Parent engagement activities could take the form of school-based events, (e.g. themed information sessions, cultural celebrations, guest speaker events) targeted communications and development of websites.</p>			<p>BBQs, Grandparents Morning Teas, trivia nights, etc.; as well as guest presenter evenings focused on themes such as positive parenting, supporting parents of boarders, positive psychology coaching and workshops, education on drugs and alcohol challenges with teens, consent, setting boundaries, cyber safety, supporting children with dyslexia, and Autism and Dyslexia awareness sessions.</p> <p>4. 100% of RI/PJP schools reported hosting at least one parent engagement activity in 2021.</p>
<p>School Improvement – School Reviews</p>	<p>This project will support school leaders to engage with two-day training provided by the Australian Council for Education Research (ACER) on the nine domains of the National School Improvement Tool (NSIT). Engagement with this training will assist school leaders to evaluate their school against the nine domains from the NSIT, and assist in supporting a full School Review.</p> <p>The training will be provided for a minimum of 20 participants, and funding will cover course costs, venue and catering, and TRS claims.</p>	<p>Multiple school leaders from schools engage with the two-day training to identify key areas for school improvement from the National School Improvement Tool</p> <p>Achieved – see Point 1</p> <p>Improved understanding of the nine domains of the National School Improvement Tool</p>	<p>100% of participants indicate that the course supported School Improvement Processes</p> <p>100% Achieved – see Point 3</p> <p>80% of participants indicate that they understand how to use the National School Improvement Tool to support school improvement</p>	<p>1. 53 schools leaders attended training on 10 and 11 of June on the National School Improvement Tool, hosted by ACER; and a further 32 school leaders attended training on 1 and 2 September. The training focused on teaching participants an understanding of the tool and the skills required to undertake an evaluation of their school.</p> <p>2. 97.6% of post-workshop survey respondents reported that the course had provided a good overview of the National School Improvement Tool.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
		Achieved – see Point 2	<p>113% Achieved – see Point 4</p> <p>School leaders identify key areas and resulting actions following the training to focus school improvement initiatives</p> <p>100% Achieved – see Point 5</p>	<p>3. 100% of survey respondents reported that the course supported school improvement processes.</p> <p>4. 90.5% of survey respondents reported having an understanding of how to use the National School Improvement Tool to improve their school.</p> <p>5. 100% of survey respondents indicated the actions their school planned to take following the course. Some actions identified included engaging with an external review of the school by ACER, performing an internal review of existing school improvement processes to better align them with the NSIT model, reassessing their explicit improvement agenda and strategic plans, commence collecting specific data to inform their next steps using the NSIT tool, and enrolling further school leadership members in training in the NSIT.</p>
Improving Data Literacy	This project will support school leaders and staff develop their ability to use data tools and frameworks to inform planning and development in their schools. The project will see a standard course hosted by the Australian	Increased understanding of data to support school improvement processes.	100% of participants report feeling more confident using data to inform their practice	1. 19 teachers from nine RI/PJP schools completed the ACER <i>Using and Interpreting Data in Schools</i> course. This course was adapted to facilitate a face-to-face session and a mid-course

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
	<p>Council for Education Research (ACER) on <i>Improving Data Literacy</i> tailored to suit the specific needs of RI/PJP schools; including the addition of face-to-face workshops and webinars to support engagement. The training provided will be for a minimum of 20 participants, and funding will cover course costs, venue and catering and TRS claims.</p>	<p>Achieved – see Point 1</p> <p>Increased use of data to inform decisions and future planning. 				legislative requirements for inclusive practices, family perspectives and experiences of inclusion, and an understanding of inclusion through history (including the medical model) in order to strengthen today's practices.
Support for Governance and leadership in Catholic schools for Principals – continuation of 2020 project	The <i>Leading with Integrity for Excellence: Governance for Catholic Schools</i> (LWIE) Program is a continuation of the 2020 program that was postponed due to the impacts of Covid-19. Funds for this project will be used to support the completion of the 2020 Cohort from RI/PJP schools through the provision of venue and catering for the face-to-face workshop days throughout the course.	Principals and Aspiring Principals from the 2020 LWIE cohort are supported to complete their program. Achieved – see Point 1	The 2020 LWIE cohort are provided with the required venue and catering to facilitate the completion of the LWIE course. 100% Achieved	1. 39 principals and aspiring principals from RI/PJP schools completed the <i>Leading with Integrity for Excellence</i> program and received a certificate in 2021.
Wellbeing Support	This project is designed to enhance the wellbeing of students through the provision of opportunities and resources to enhance parent and student engagement with schools through the use of the <i>Tell Them From Me</i> Survey. Results from the <i>Tell Them From Me</i> survey will assist schools to measure student's wellbeing, engagement, and teaching and learning. Results will be informed by surveys to students, parents and carers and teachers, pending how participating schools choose to structure their engagement with the tool.	Participating schools receive access to the survey tool, including the ability to add their own bespoke questions if desired. Achieved – see Point 1 Participating schools have access to an initial introduction session on the tool as well as a 'deep dive' session to	Participating schools receive a report of the survey results following the survey cycle in Term Three, 2021. 100% Achieved – see Point 3 Participating schools indicate that they will use findings from the report to inform future planning	1. Four schools took up the opportunity to engage with the <i>Tell Them From Me (TTFM)</i> survey in 2021: two schools electing for student only surveys (years 7-12 and 5,7,8), with the other two schools electing to include parent and staff survey tools (years 5-12 and 8-10). One school withdrew from the opportunity, leaving three schools who rolled out the survey. Of the three schools who participated in the survey, one school added their own bespoke questions.

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
		<p>analyse the reports following the survey cycle.</p> <p>Achieved – see Point 2</p>	<p>to enhance student wellbeing.</p> <p>100% Achieved – see Point 4</p> <p>Data collected in 2021 can be used as a reference point for future data collections.</p> <p>100% Achieved – see Point 5</p>	<p>2. A deep dive whole day session occurred on 3 September which provided support to schools in understanding the data generated via their roll out of the survey measures.</p> <p>3. Participating schools received a report detailing survey results towards the end of Term 3. The report grouped results according to social-emotional outcomes, academic outcomes, drivers of student outcomes, transition back to school, demographic factors and some custom measures designed by QCEC.</p> <p>4. Schools were provided with access to interactive charts that provided the opportunity for schools to drill down into their data and explore the data according to specific demographics, thus identifying those cohorts that may require focused attention into the future. The capacity to compare with TTFM (national) norms and replica/similar schools provided additional information that may inform next steps.</p>

1. Project Title	2. Description	3. Expected Outcomes/Overall Achievements Achieved or Not Achieved	4. Indicators of Success % Achieved	5. Additional Activities or variations to agreed activities and/or any additional information on outcomes or achievements
				5. While funding in the 2022 NGRSF has not been specifically allocated to supporting schools to engage with the TFM survey in 2022; schools who participated in 2021 are able to use their data as a reference point for other wellbeing measures they consider for 2022.
